\*This training may be delivered with Victorian and Commonwealth Government funding through the Skills First Program for eligible individuals. Commencing this course may impact your future entitlement to receive government subsidised training. Government funding is currently only available for Victorian face-to-face delivery. Individuals with disabilities and/or special needs are encouraged to apply.

## AHC50520 Diploma of Arboriculture

### Take your arboriculture career to the next level with the Diploma of Arboriculture

Enrol now and gain the skills and knowledge to become a consulting arborist or tree manager. Graduates with this qualification assess trees and produce reports and documentation attesting to the health and risks related to trees.

This program is most suited to applicants who have completed a Certificate III or higher-level qualification in a related discipline and possess a minimum of 24 months' relevant industry experience in vegetation management which has included the inspection/assessment and maintenance of trees.

Applicants must also have access to the internet and a laptop computer and be proficient in computer skills sufficient to conduct research and complete word-processed assignments, projects and reports and to enter data into an online portal.

#### Course Outline

<b>AHCARB408</b>	Perform a ground-based tree defect evaluation
<b>AHCARB508</b>	Identify, select and specify trees
<b>AHCARB509</b>	Develop an arboricultural impact assessment report
<b>AHCARB510</b>	Specify and audit tree work
<b>AHCARB511</b>	Prepare arborist reports
<b>AHCARB513</b>	Examine and assess trees
<b>AHCARB514</b>	Diagnose tree diseases
<b>AHCWRK508</b>	Interpret legislation
